In reference to your memorandum of 3 October 1950, and informal conversation pertaining to the subject, we are interested in your interpretation of the Social Security Act of 1950 with respect to citizen and alien employees of the Agency. The specific question is what affect has the law on the various types of Agency employees located in this country and abroad? Since this matter will be coordinated with the Personnel Director, your consideration should extend to employment paid from both vouchered and confidential funds.

Your early consideration of this matter will be appreciated since detailed instructions must be prepared and issued to the field installations prior to the first of the year.

Very truly yours,
